

4/24/2018

DG Lary Garrison,

Under your direction you requested the Committee charged with reviewing proposed projects seeking to be endorsed by District 37 to evaluate a request.

This request was presented by the Lions Clubs of Great Falls and is chaired by PDG Jack Beckman in partnership with Montana School for the Deaf & the Blind. The initial goal would be to raise about \$150,000 to procure 50 magnifying readers for visually impaired children in the State of Montana. A copy of the request by PDG Beckman has been previously sent to you and Cabinet Secretary Lion Elaine Black.

The Committee consisting of PCC Lion Ben Apeland, PDG George Chenoweth, Lion Candy Tschache and myself has thoroughly examined the presentation and made the following decision.

We believe the project is extremely worthy of the approval of District 37 adding it to our Endorsed Project list. The Committee reviewed the merits of the project and did not evaluate the method of how, when or any possible course of action related to funding said project.

If you desire further information regarding this review, please feel free to contact me.

Respectively in Lionism,

*Dave Hajny*
